## Wild Reef

[Thumbnails](#) [Detail](#) [Comments](#)

Some animals in Shedd Aquarium's Wild Reef exhibit, now in its fifth year.

Get as close as you want to sharks. Explore underwater gardens of iridescent corals and — yes — garden eels. Wander through a lagoon and mangrove forest and visit a fishing village where residents saved their reef from destruction — all in this award-winning exhibit.

*One Of The Great Avenues Of The World™*

**April 1 – May 31, 2009** This spring, The Magnificent Mile celebrates the bloom of hundreds of thousands of vibrant tulips. In the spirit of Daniel Burnham, a display of public art designed by Chicago's world-class architects enhances the tulip beds and celebrates a City Beautiful — natural beauty in harmony with the urban streetscape. Experience spring along one of the great avenues of the world.
